

ANNE ARUNDEL HEALTH SYSTEM PRESENTS

THE FUTURE IS NOW

together FORUMS July 2012

Starring President/CEO Tori Bayless and
COO/CNO Sherry Perkins, PhD, RN

The flux capacitor may be what makes time travel possible, but how do we predict where we as a health system are going? Find out at a **Together Forum**, which is what we've renamed our town hall meetings. This is to be more in line with our *Living Healthier Together* vision. Get a glimpse of the past as well as what's down the road for AAMC. *Roads? Where we're going, we don't need roads.*
